

# CAIO HENRIQUE

## CYBERSECURITY ANALYST

 (55+ (47) 996651207  caiohenriquesinger@gmail.com

### PROFESSIONAL PROFILE

Cybersecurity Analyst with 5+ years of experience in vulnerability management, DevSecOps, and security operations. Skilled in Red and Blue Team practices, incident response, and endpoint security (SIEM, EDR, XDR). Strong background in cloud security (AWS, Azure), system hardening (Linux/Windows), and automation. Experienced with MITRE ATT&CK, CIS Controls, and ISO 27001 frameworks to enhance organizational resilience.

#### Frete.com

Cybersecurity Analyst • DevSecOps Set 2024 - (Current)

- Design and optimize DevSecOps pipelines, seamlessly integrating security into CI/CD workflows.
- Automate security operations and proactively manage vulnerabilities across complex environments.
- Detect, analyze, and respond to threats using advanced SIEM, EDR, and XDR platforms.
- Implement offensive and defensive strategies, hardening Windows/Linux servers using CIS Controls, MITRE ATT&CK, and ISO 27001 frameworks.

#### VoltSports

Senior Cybersecurity & InfraSec Analyst • Jul 2023–Aug 2024

- Administered and secured networks and servers (physical and virtual), applying cybersecurity best practices.
- Managed virtualization platforms (VMware, Hyper-V, VirtualBox) for optimized performance.
- Conducted penetration tests, security audits, and vulnerability remediation.
- Monitored systems and networks using Zabbix, Grafana, Wireshark, Wazuh, SIEM, OpenVAS, Nessus, OWASP ZAP.

#### Global Estratégias Financeiras

Information Security • Jan 2021–Jul 2023

- Managed Zabbix and Grafana for network and security monitoring.
- Deployed and maintained firewalls and VPNs to protect corporate networks.
- Identified and remediated vulnerabilities using Dnsenum, Nessus, Wireshark, and Wazuh.
- Administered Windows and Linux servers, applying patches and monitoring logs.
- Conducted cybersecurity training and awareness programs.

### EDUCATION

#### Software Engineering

Uninter • 2024 - (Ongoing)

- Focused on application and system development using Java, C++, Python, and JavaScript.
- Studied data analysis, software testing, including unit, integration, and acceptance tests.

#### System and Network Development Analysis

Senac • 2017–2019

- Designed and developed software solutions and algorithms for desktop applications.
- Built applications with database integration using Java, C#, and Python, focusing on performance and reliability.
- Applied software development best practices and problem-solving techniques to optimize system functionality.

### SKILLS

- ✓ Red & Blue Team Operations (Offensive & Defensive Security);
- ✓ Web & Infrastructure Penetration Testing;
- ✓ Vulnerability Management & Risk Assessment;
- ✓ SIEM, EDR & XDR (Monitoring & Incident Response);
- ✓ IDS/IPS, Firewalls, VPNs & Network Security;
- ✓ Cloud Security (AWS, Azure);
- ✓ DevSecOps & Security Automation (CI/CD);
- ✓ Cryptography & Digital Forensics;
- ✓ Security Compliance (ISO 27001, NIST, CIS Controls);
- ✓ Security Awareness Training & Documentation;
- ✓ Windows/Linux Server Hardening & Administration;

### LANGUAGES

- Portuguese – Native
- English – Fluent

### CERTIFICATIONS

- CRTA – Certified Red Team Analyst (CWL)
- Cisco – Ethical Hacking
- EC-Council – Ethical Hacking Essentials (EHE)
- Udemy – Certified Ethical Hacker (CEH Prep)
- CerBest – Linux Essentials
- Udemy – SOC & Threat Hunting
- Udemy – SIEM (EDR & XDR)
- Udemy – Wireshark for Network Analysis
- Udemy – Network & Firewall Administration (PfSense, Fortigate)
- Udemy – Zabbix & Grafana for Monitoring
- Skillfront - ISO/IEC 27001
